Agent Approval Procedures

Agent Application

Applications from new Education Agents may be sourced using any of the following methods:

- Actively sourced based on development markets.
- With assistance, from:
 - The University of Adelaide, The University of Newcastle, Murdoch University or Massey University
 - existing Kaplan Approved Agents
 - Kaplan entities in Australia or overseas.
- A direct enquiry from the Education Agent's CEO, owner or Director.

Education agents seeking to become an Approved Agent must provide the following background information for Kaplan to conduct a due diligence check on the prospective agent:

- the agent's company profile
- business registration evidence
- bank account details
- information regarding the authorised signee
- previous and proposed student recruitment activities
- any disclosures concerning any involvement with a government official(s) or government agency by the agent or its employees
- information regarding Modern Slavery practices
- the details of at least two referees for Kaplan to contact
 - where the prospective agent is currently an authorised agent elsewhere in the Kaplan global recruitment network, only one internal reference will be required.

Kaplan will only approve the application of an Education Agent to become an Approved Agent where:

- the due diligence and referee checks were satisfactory; and
- there is a need, or additional need, for representation in the agent's country and/or potential for increasing student enrolments in that country; and
- Kaplan believes after reviewing and assessing the agent's application that the agent has:
 - appropriate knowledge and understanding of the Australian international education system including the Australian International Education and Training Agent Code of Ethics
 - a proven track record in student recruitment representation, preferably with other Australian or New Zealand universities of comparable standing
 - professional, knowledgeable, and well-trained counselling staff
 - high quality infrastructure, in particular an accessible office located in a reputable location, an adequate resource centre/library for prospective students and adequate local and international communication facilities
 - a reputation for ethical business behaviour and credibility in the local community
 - a reasonably sufficient and consistent period in operation or reasonable experience relating to the industry; and
 - demonstrated success in placing students in Australia.

If a prospective agent's application is not approved, the agent is notified in writing by the relevant manager.

Agent Approval

If Kaplan decides to continue with the application of a prospective agent, a new agent account will be generated in the management system to record all of the relevant information from the application stage.

Once approved by the relevant manager, the prospective agent's application will be submitted for compliance checks

Once all checks have been completed, Kaplan will issue an Agent Agreement to be signed electronically.

The Agent Agreement outlines the agent's responsibilities in complying with Kaplan's policies and procedures including Global Anti-Corruption Policy and Third-Party Procedure.

In accordance with the National Code 2018 (Australia) and the Education Code of Practice 2021 (New Zealand), Kaplan will enter into a written agreement with each education agent it engages to formally represent it.

No agent will be activated in Kaplan's management system until the prospective agent has entered into an Agent Agreement with Kaplan, and the Agent Agreement has been approved by the Kaplan Compliance team.

No payments will be made by Kaplan to any agent without a fully signed Agent Agreement.

Approved Agent details are reviewed and updated on Kaplan websites throughout the year. This agent list on the website does not include Education Agents that provide Referrals.

For Australia, Kaplan will ensure that the Approved Agent's details are entered into and maintained in PRISMS.

If at any stage the agent's application is not approved, the agent is notified via email by the Agent Liaison Officer.

Approved Agent Training

All Approved Agents will be provided with sufficient tools and resources by Kaplan to ensure that accurate and up-to-date information is given to prospective students at all times, and to ensure compliance with the relevant laws, regulations, standards and codes.

New Approved Agents must attend a one-on-one briefing with Kaplan student recruitment staff (either by Skype/Zoom, phone or face-to-face depending on the agent's location) to outline their responsibilities as an Approved Agent and non-permitted practices and activities.

As soon as reasonably practicable, and no later than three months from becoming an Approved Agent, all Approved Agents will be provided with appropriate training on Kaplan and its programs and courses (including but not limited to entry requirements, admissions process, scholarships and support services). Kaplan will procure

that Approved Agents are aware of and understand their obligations and responsibilities under the ESOS Framework, NZ Education Framework and the requirements of Kaplan. To manage potential visa risks, including in relation to the Genuine Student requirement status of all prospective students into Australia, a student's reasons for seeking to study in Australia or New Zealand will also be clarified.

All Approved Agents will be provided with Kaplan's current prospectus/brochure and approved marketing and promotional materials, as well as supporting documentation such as fact sheets, application forms, fee sheets and Kaplan brand guidelines, which include any University guidelines where required.

Kaplan will ensure there is ongoing training, tools and resources made available to Approved Agents through agent familiarisation visits, workshops and briefings held in-market and other training sessions, via Skype/Zoom or face-to-face.

Agent Referrals

A referral is an unsolicited referral of a student for enrolment, where Kaplan has not engaged the education agent to represent its specific Business Unit and there is no ongoing relationship between the education agent and Kaplan. At the time of writing, not all Kaplan education providers use the referral process.

If Kaplan decides to accept an agent referral, a new agent account will be generated in the management system to record all of the relevant information.

Once approved by the relevant manager, the referral application will be submitted for compliance checks.

Once all checks have been completed, Kaplan will issue a Referral Letter to be signed electronically.

The Agent Referral Letter includes terms and conditions including conditions that apply to any commission payable. Utilisation of the referral process by an agent is subject to a cap of three commencements and:

- each commencement is a different student who may have multiple CoEs.
- each commencement is a referral for a single student at a time by an education agent to Kaplan.
- Kaplan only includes CoEs which have commenced.
- there may be referrals which are not counted if the student has never commenced.
- no more than three commenced referrals may be approved.

For a referral, the agent is not obliged to fulfil the obligations of an Agent Agreement. No training, agent communications or marketing collateral will be provided by Kaplan.

After the referral of three approved commencements, from then onwards, the agent would need to enter into a formal Agent Agreement with Kaplan.

Approved Agent Updates

Kaplan will ensure that Approved Agents are provided with up-to-date and accurate promotional material and informed of any changes to programs and courses and/or any legislative or regulatory requirements (where applicable), through a range of communication means including update emails and newsletters, training webinars, regular agent meetings and agent visits.

- If the Approved Agent is based in Australia or New Zealand, the relevant manager will regularly visit the agent.
- If the Approved Agent is based in another overseas location, the relevant manager will, where possible, arrange for a Kaplan representative who may be travelling to that specific region to visit the agent.
- The relevant manager will procure that all Approved Agents have current information on applicable promotional prices, new procedures and enquiry/enrolment information.

Approved Agent Payments

Payment of commission is made in accordance with the Kaplan Agent Agreement. In addition, Approved Agents may be eligible to take part in a Kaplan Bonus Incentive Scheme which is reviewed annually, at which time Approved Agents may be invited to participate.

Monitoring and Reviewing Approved Agent Performance

Kaplan monitors and reviews the performance and conduct of all Approved Agents for the purposes of evaluating their activities against the ESOS Framework and NZ Education Framework.

For Approved Agents based in Australia or New Zealand, Kaplan student recruitment staff will undertake regular visits to the agent and its premises.

For Approved Agents not based in Australia or New Zealand, Kaplan student recruitment staff will, where possible, arrange for a Kaplan representative who may be travelling to that specific region to visit the agent and its premises.

Kaplan specifically monitors and reviews the performance of all Approved Agents through an annual agent review. During this time, Kaplan collects information about each Approved Agent's performance from multiple sources including the agent website, Australian and New Zealand government agency reporting systems, local government agencies around the world, student feedback, student performance metrics including progression and attrition, and if available, from other Kaplan schools and offices.

As a result of this annual agent review, Approved Agents will be categorised by Kaplan as 'continuing' or marked for suspension. An Approved Agent that is marked for suspension will be further reviewed by Kaplan and may be suspended if a certain performance criterion has not been satisfied by the agent and Kaplan does not believe, in its absolute discretion, that the agent should remain as an Approved Agent. In making this determination, Kaplan may consider factors such as the potential strategic relationship between the agent and University or to the broader Kaplan group, the need to maintain or develop engagement, support or a presence in strategic markets of Kaplan, the duration of the agent relationship or the need to diversify agents.

Agent Marketing

Kaplan will monitor the compliance of all Approved Agents with the terms of their Agent Agreement, ESOS Framework and/or NZ Education Framework, and in respect of marketing and promotional activities related to Kaplan programs and courses, and that all advertising and use of the Kaplan brands are approved by Kaplan prior to publication. In addition, Kaplan will procure that all Approved Agents must, and all Approved Agents must themselves:

- use the Kaplan name, logo and individual Kaplan entity branding, as well as Kaplan branding in a consistent, compliant and professional manner
- only advertise the programs and courses with the written permission from Kaplan, demonstrated through a signed Agent Agreement
- ensure the CRICOS registered name and number of Kaplan and/or University (as appropriate) appear in all written and electronic marketing material (Australia only)
- ensure that all advertising and use of the Kaplan brands are approved by Kaplan prior to publication.

All requests for use of the Kaplan brand are sent by email to marketinganz@kaplan.com

Failure to abide by these obligations will result in a review process which may result in the warning and termination of the Agent Agreement.

Warning and Termination

All Approved Agents must adhere to the terms of their Agency Agreement and this policy.

Where Kaplan becomes aware of, or reasonably suspects, that an Approved Agent (or their staff or subcontractor) has engaged in a material or significant breach of the terms of its Agent Agreement or is engaging in false or misleading recruitment practices, Kaplan may, in its absolute discretion, either immediately terminate the Agent Agreement without any right to show cause or request that the agent immediately terminates its relationship with its staff or subcontractor who engaged in those practices. A material or significant breach may include fraud, dishonesty, false or misleading recruitment practices, consistently low levels of student performance such as rates of attrition and/or progression that fall short of minimum acceptable benchmarks, and/or a negative notice received from Kaplan's global compliance monitoring systems and database.

In all other cases where Kaplan becomes aware of, or has reason to believe, that an Approved Agent (or their staff or subcontractor) is in default of the terms of its Agent Agreement and/or in contravention of any applicable regulatory requirement (including the ESOS Framework or NZ Education Framework), Kaplan will take immediate corrective action and:

- The agent must cooperate with Kaplan's investigations into the default or breach, in consultation with the Compliance Team, to determine an appropriate corrective action.
- In the case of a minor default or breach (e.g. where the agent can demonstrate an isolated occurrence and/or no potential for regulatory action, which Kaplan accepts), Kaplan may impose a sanction of additional training and/or monitoring of the agent's conduct or a suspension on accepting enrolments from the agent. Kaplan may also terminate the Agent Agreement at any time (at its sole discretion) where in Kaplan's opinion the agent's conduct will bring Kaplan into disrepute and/or where the agent has multiple occurrences of a default or breach.
- Ensure that all corrective action is recorded against the Approved Agent in the management system and notified to the Approved Agent in writing.
- When an Approved Agent has breached the terms of its Agent Agreement, the Compliance Team must be notified by the Global Engagement Team and a letter informing the agent of the circumstances of the default must be sent to the agent.
 - This notice must also provide the agent with a right to submit their reason(s) as to why Kaplan should not proceed to terminate the Agent's Agreement (i.e. show cause).
- Ensure that any Approved Agent that no longer holds an Agent Agreement has their details removed from PRISMS (Australia only) and any corresponding Kaplan website, and procure that the agent immediately ceases to use any promotional materials and returns any such materials to Kaplan by registered mail or a reputable international courier.
